

PACKING GUIDE

This list was developed to serve as a guide when packing your child's belongings for camp. It is based on a 3 week camping experience, so please make adjustments based on your child's camp program. Quantities are based on normal camp usage and typical weather patterns. Remember to keep things simple and inexpensive. Clothing should be able to survive a commercial laundry, and should not require ironing or special care. Please mark each item with your child's full name as many campers often bring the same items to camp. We recommend using name tapes or a laundry marker. Be sure to label every item!
